REPLY TO THE ATTENTION OF:

Ed Bakowski
Bureau of Air
Illinois Environmental Protection Agency
1021 North Grand Avenue East
Springfield, Illinois 62794-9276

Dear Mr. Bakowski:

The U.S. Environmental Protection Agency has the following comments on the Illinois Environmental Protection Agency's draft of the Clean Air Act Permit for Royal Fiberglass Pools, Inc. (application number 04110071).

1. The authority for condition 5.9.2 should be 40 C.F.R. § 63.5915 not 40 C.F.R. § 63.915.
2. Condition 7.2.7(a)(i) refers to condition 7.1.7(b) as containing applicable methods and procedures for testing. Condition 7.1.7(b) does not set any testing requirements.
3. Condition 7.2.9(a)(i)(B) requires compliance to be determined using the method listed in condition 7.2.12(a)(ii) on a 12-month rolling average. Condition 7.2.12(a)(ii) does not exist in this permit.
4. Attachment 2(a)(iv) and attachment 2(b)(iv) should say that the allowable rate is 0.55 pounds per hour instead of 0.5 pounds per hour according to 35 IAC 266.110.

Thank you for your consideration. If you have any questions or concerns regarding these comments, please contact Michael Langman, of my staff, at (312) 886-6867.

Sincerely,
